

Coat-Care Animal Shampoo, Baby Powder fragrance.

An effective skin and fur cleanser for professional use.

Fresh baby powder animal shampoo is suitable for all animals big or small, even those with sensitive skin. Our unique formula will help cleanse, revitalise and banish odours. Fur / coats will smell beautiful and look clean, fresh and shiny with a beautiful glossy lustre to the coat.

Our formula is non-sticky, easy to use and easy to rinse away leaving no residue build-up – helps improve coat drying times!

The added emollients within our product can help treat and prevent dry, rough and itchy skin – signs that are usually associated with conditions such as dermatitis / eczema.

Our product has been used and trusted for years and has been proven to be effective on most sensitive skin. Also proven effective on the most smelliest of body odours!

Dilution - 1:45 To make 1 litre of shampoo:

mix 25ml (1 full pump depression) to 975mls warm water
– suitable for small animals.

mix 50ml (2 pump depressions) to 950mls warm water
– suitable for larger / dirty animals.

*5 litres of product will give you approximately 200 washes
(100 washes for large to dirty animals).*

Average cost per wash 15p.

Key Features:

- Effective cleanser & dirt remover
- Added emollients
- No irritation or harsh skin effects
- Non-sticky
- Easy Rinse
- Fresh fragrance
- Paraben Free
- Cruelty Free & Vegan Friendly
- Biodegradable & Environmentally Friendly

Uses:

Wash, cleanse and beautify all animals big or small – specially formulated as one for all.

Application:

Start with a damp coat - wet the animal all over. Apply a small amount to your hands and distribute by rubbing all over from the neck down. OR place product, approx. 25ml to 50ml, directly into a measuring jug (usually 1ltr size), top-up with warm water, mix well and pour slowly whilst rubbing into the coat, again start from the neck down. Rub all over, adding further shampoo and water if needed. Work into a lather distributing the product on all desired areas to be cleaned. It is advisable to use more product if the level of soiling is heavy. To achieve maximum activity, leave the shampoo on the coat / fur for at least 2 – 3 minutes before thoroughly rinsing off all the suds. As with all shampoos, take care around the eye area! Should the product get into eyes, rinse thoroughly with clean running water.

TECHNICAL SPECIFICATIONS:
