

Concentrate heavy duty and highly powerful disinfecting and bleaching agent.

For industrial and professional use (double the strength of normal household bleach brands).

Provides rapid cleaning and effective disinfecting action against gram positive and gram negative bacteria – kills all known germs and some viruses.

Bleach 10 deodorises and eradicates malodours at source, effectively removes mould, slime and algae. Keeps drains and toilets clean and fresh. Use as a bleaching / whitening agent for stain removal on items.

Bleach 10 is low foaming and requires rinsing away after use. Surfaces must be rinsed after sanitizing.

Bleach 10 contains NO thickening agents, no colourants and no additional odours.

Never mix with other chemicals.

Available in 5ltr and 25ltr containers.

Key Features:

- Powerful Cleaner and Disinfectant
- Effective Bacteria and Virus eliminator
- Effective Odour Destroyer
- Effective Mould, Slime & Algae Destroyer
- Effective Stain / Tannin Remover
- Rapid Action

USES / DIRECTIONS

Use as a general disinfectant for surfaces, walls, floors, drains and toilets – at the recommended dilutions.

General Use: 1 part product to 80 parts water for general cleaning, sanitising, disinfecting, deodorising, soaking and destaining. Perfect for soaking dishcloths and sponges.

To bleach whites, items may be left in an overnight soak solution – approx. 15ml (one capful) per 5 ltr cold water. Rinse thoroughly after soaking.

Neat Use: Toilets and drains – ideally apply and leave overnight to kill germs and remove stains. Will eliminate unpleasant smells trapped in drains.

Sinks – spray into plug holes and overflows, leave for 5 minutes then rinse away.

Always wear safety gloves when handling this product. Take care not to splash as product can cause permanently damage to floors and fabrics.

TECHNICAL SPECIFICATIONS:

Composition: <20% Sodium Hypochlorite EC No: 231-668-3.

S.G: 1.08

pH: 8 - 9

Viscosity: 37 centistrokes

Appearance: Clear liquid Colour: Clear to Straw

Odour: Chlorine

Shelf life: 6 months to 1 year from Date of Manufacture.

Packaging: 5 litres or 25 litres

Storage: Store upright, away from heat, direct sunlight and out of reach of children. Do not allow to freeze.

Always refer to the label and safety data sheet before use! Never mix chemicals!

In accordance with our Policy of incorporating technical improvements we reserve the right to amend any specification without notice.
