Recommended Directions

Sanitise: 1:120 parts water - eliminates 99.9% all known bacteria and enveloped viruses.
1:100 parts water – above plus eliminates Yeast
1:50 parts water – for that deeper clean.

Soaking: 1:50 - soak for approx 15 minutes and allow to dry.

Odour-Care comes concentrate and is a neutral cleaner and sanitiser. Very effective in controlling and destroying a broad spectrum of harmful micro-organisms. Our product is pH balanced, has no harsh or irritating effects to skin, non-corrosive and is rapid acting when it comes to tackling bacteria, enveloped viruses, fungi, yeast and odours. Odour-Care provides effective sanitising action against gram positive and gram negative bacteria like E coli, enterococcus hirae, salmonella typhi, staphylococcus aureus and pseudomonas aeruginosa. Intended for safe use around all animal establishments, kennels, catteries, stables, avians and all other animal type housing and areas. Also, perfect for use in and around Nursing / Residential Homes, Pubs, Clubs and other Leisure industries. Odour-Care provides effective cleaning and deodorising action, eliminating the most smelliest of odours by tackling them at the source and not just masking them ie will remove unpleasant odours such as urine smells. Odour-Care is also an ideal sanitising wash for bowls and containers, utensils, equipment and other tools etc. Due to the low foaming properties, there is no need to rinse away – saving on valuable time, water and money whilst providing hygienic results.

All our own label products are Biodegradable. Vegan Friendly and Leaping Bunny Approved by Cruelty Free Int - no animal testing has been carried out. No animal ingredients used. Independently tested for EN1276 & EN13697, Chemical disinfectants and antiseptics - Quantitative non-porous surface test for the evaluation of bactericidal and/or fungicidal activity of chemical disinfectants used in food, industrial, domestic and institutional areas – Test method and requirements without mechanical action (phase 2, step 2), Dirty Conditions.

Wipe, Mop, Scrub, Spray or Pressure Wash. Wash down all surface areas - floors, walls, tiles, cabinets, counter tops, sinks, bins, kennel, yard areas etc. Suitable on glass, plastic, rubber, metal, wooden surfaces, laminates and artificial / fake grass.

Ideal as a sanitising rinse for food bowls, feeding equipment, tools, utensils etc and in cleaning where a neutral sanitiser is required eg on food preparation areas. Food safe, non-tainting. No need to rinse or sluice away areas before re-use.
